

Money Distribution Report of Needy Women from 2025/10/01 to 2025/12/31

Date: 10/12/2025

We are proud and pleased to announce that the financial aid sent by the Nazo Foundation Germany (Nazo Association) to the Afghan Luminous Sun (ALS) organization in Kabul, for the forth quarter of 2025, was successfully and completely distributed among needy women.

The Nazo Foundation Germany is a pioneering institution in supporting widowed and vulnerable women in Afghanistan, which has been continuously and humanely carrying out this mission since 2005. These aids are a response to the devastating effects of more than four decades of war in the country, as well as a deep understanding of the current conditions of Afghan women, and they have brought renewed hope and strength to the lives of many deprived women.

In Afghanistan, the dedicated team of the ALS organization has taken responsibility for implementing this process and has carried out the distribution of funds with precision, transparency, and on schedule. Furthermore, the necessary documentation and reports have been prepared and sent to the Nazo Foundation. The women receiving these aids, with hearts full of gratitude, emphasized that these supports have solved many of their problems during difficult days and have met the basic needs of their children. They sincerely thanked the compassionate donors, members of the Nazo Foundation, and all German philanthropists whose hearts beat for the suffering of others. In the end, each of these women raised their hands in prayer and, with pure and sincere intention, offered their prayers for goodness and ble.

ssings upon you for the continuation of these kind-hearted aids.

The flow of money distribution for each of the women as below.

At the end we are all so thanks and appreciate from all those people which they took parts in these aids for the needy women her in Afghanistan especially from all kinds and respected supporters. May god bless you all.
